Marketing communication

New advertising format and bank slogan

- In August, we introduced a new advertising format with a cash loan campaign. In it, we emphasized the distinguishing features of our bank, i.e. **the highest quality of banking services and products** as well as **convenience for customers**. The epitome of this combination are the new **brand heroes of the Getin Bank brand** - professional bankers who, if necessary, help clients in everyday matters without interfering with their lives. They take up more or less as much space as ... a smartphone with a banking application. We also changed the slogan for the brand to **Getin Bank. Convenient bank.**
- The campaign, which lasted until October 4, included advertising activities on TV, the Internet (including online video, display, programmatic activities, activities in Google, performance marketing and social media activities), as well as CRM activities addressed to the customer base and advertising in approx. 300 Bank's branches (websites, LCD screens, BTL).

Support for the sale of loans

- We have been conducting activities promoting the cash loan offer for any purpose since June. The campaign under the slogan "**Time for changes? Make your plans come true!**" included sales and image-building activities on the Internet, social media, as well as materials in the Bank's branches (websites, posters, leaflets).
